

YEAR 11 BULLETIN

Friday 10th May 2024

A significant milestone for Year 11

We hope you enjoyed a relaxing Bank Holiday weekend. This week marked the start of the GCSE exams for our Year 11 students. We are incredibly proud of the hard work and dedication they have demonstrated in preparation for these first exams

All students have been attending exam warm up sessions during Period 0, before their morning exam and during Period 3 and 4 for afternoon exams. These warm up sessions are led by their subject teachers and are crucial for fine-tuning exam strategies and entering the exam hall with confidence. Therefore, 100% attendance and punctuality remain key, with warm up sessions beginning at 8.25am each day.

To support your child during the exam period, here are our top tips:

- Punctuality and attendance: Ensure your child is on time for school every day, ready for the exam warm up session at 8.25am. Breakfast is available for students in the canteen from 8.00am. Subject teachers will also be there to support students.
- Daily revision: No subject homework will now be set. However, please encourage your child to continue to follow the weekly revision timetable on Google Classroom and complete daily revision with frequent breaks.
- Evening routine: To ensure a calm start to the morning, help your child get into the habit of preparing their bag, equipment and uniform the night before each exam.
- A good night's sleep: Promote a relaxing evening routine by putting away mobile phones/devices and aiming for eight hours sleep every night to support memory and concentration.

We are here to support our students and families. Should you have any questions, please do not hesitate to contact us.
